GitHub: github.com/DeepakLpu

SKILLS

Languages: Java, Python, SQL HTML and CSS, Bootstrap Frameworks:

Tools/Platforms: MvSQL

Data Structure and Algorithm, Problem Solving Skills:

 Soft Skills: Team Player, Adaptability, Quick Learner, Time Management

PROJECTS

Stock Market Analysis Using APIs:

Sep 2024 - Oct 2024

Email: deepak3568dee@gmail.com

Mobile: +91-734803412

- Developed a Python application for stock market analysis that includes user account creation and secure login functionality to ensure data privacy.
- Designed and integrated Alpha Vantage APIs to fetch current and historical stock data, allowing to analyze market trends effectively.
- Created automated reporting tools to provide summaries of stock performance and insights, improving decision-making process for stakeholders.
- **Tech Stack Used**: Python, Alpha Vantage and MySOL.
- GitHub link: https://github.com/DeepakLpu/Stock-Analysis

Employee Management System:

Jul 2024 – Aug 2024

- Developed a full-stack Employee Management System using Spring Boot for the backend, HTML,CSS and JavaScripts for the frontend and MySQL for database management, creating a cohesive and efficient application.
- Designed and integrated core functionalities such as adding, updating and deleting employee records, ensuring accurate and up-to-date information.
- Enhanced user experience with intuitive interface design and responsive support.
- Tech stacks used: Java, HTML, CSS, JavaScipts and MySQL.
- GitHub link: https://github.com/DeepakLpu/Employee-Management-System

Car Rental System:

Jun 2024 - Jul 2024

- Implemented a comprehensive car rental system using Core Java concepts.
- Applied Object-Oriented Programming (OOP) principles inheritance, polymorphism, encapsulation and abstraction.
- Implemented key features such as vehicle registration, customer registration, booking system and rental fees calculation.
- Tech stacks used: Core Java and OOP concepts.
- GitHub link: https://github.com/DeepakLpu/Car-Rental-System

CERTIFICATES

Java Programming – Great Learning	Apr 2024
 Data Structure and algorithms – GeeksForGeeks 	Feb 2024
Diploma in Computer Application	Sep 2019

ACHIEVEMENTS

2nd Rank in my college

Jun 2022

Consistently ranked 2nd in Mathematics Department throughout my Bachelor in Science program.

Planted trees for NGO Planted 100 tree in a day for NGO. Jan 2020

Extracurricular Activity

Leetcode Problem

Sep 2024

Solved 50+ leetcode problem

Mar 2024

Coders Elite Event Participated in Coders Elite a competitive coding event organized by Lovely Professional University, demonstrating proficiency in problem-solving and algorithmic thinking.

EDUCATION

Lovely Professional University

Master of Computer Application - CGPA: 8.35

Jalandhar, Punjab

Since, July 2023

Favourite Coursework: Programming language and web technology

Deen Dayal Upadhaya Gorkhapur University

Bachlor's of Science in Mathematics; Percentage: 61 %

Gorkhapur, Uttar Pradesh July 2019 - June 2022

Favourite Coursework: Mathematics

Janta Inter College Ramkola Kushinagar

Intermediate; Percentage: 70 %

Kushinagar, Uttar Pradesh April 2018 - March 2019

Favourite Coursework: Mathematics and Science
